

"To protect, conserve, and expand the safe use of prescribed fire on Alabama's fire adapted landscape."

Alabama Prescribed Fire Council Annual Meeting

SPONSORSHIP REQUEST

"From the burn plan to mop up, how to maximize burn days"

Thursday, September 8, 2022

IN PERSON & VIRTUAL MEETING

Jefferson State Community College, Clanton AL

1850 Lay Dam Road, Clanton AL

Exit 212 off I-65, South on AL-145

Alabama Prescribed Council membership consists of Certified Prescribed Fire Managers, private landowners, and land managers from across Alabama & other southeastern states. Members represent all facets of forest industry, private landowners, industrial and government foresters, private consultant foresters, government agencies, & resource managers. We are asking for you to consider yoking with us at this year's event by providing financial sponsorship support for the September meeting. We are going to do BOTH in person and virtual annual meeting to facilitate those who want to attend in person and those who want to do the meeting virtually. Your participation will assist our organization in providing a high-quality meeting for stakeholders and address this topic for those engaged in burning as well as those wanting to ramp up their use of prescribed fire. The agenda is being developed and will be posted on the ALPFC website soon.

We are expecting 300 or more people to attend this in person/virtual meeting format. Sponsorships are \$300.00 for the normal face to face annual meeting venue. If you decide to sponsor and provide your logo, we will display the logo and provide recognition of your company/organization sponsorship throughout the meeting. Your sponsorship also gives you one complimentary registration and a space (table) along the wall at the meeting venue. The meeting will be approved for 6 hours of continuing education and also count towards Certified Burn Manager CFE recertification documentation. Checks can be made out to "ALPFC" and mailed to Alabama Forestry Commission, Attention Marti Davis, 513 Madison Ave, Montgomery AL 36104. Thank you for considering this request and we hope you will be able to sponsor this year.

Nathan Hatch

Chair, ALPFC

"Prescribed fire is a **SAFE** way to apply a natural process, ensure ecosystem health & reduce wildfire risk"
