

Applying historical fire ecology to contemporary forest management

Cloquet Forestry Center and Fond du Lac Tribal Forestry Field Tour

Free Event, **Thursday, September 20, 2018** from 0830 to 1600 ([Webpage info](#))

Depart from the Cloquet Forestry Center auditorium and visit four sites with differing management and research histories including two sites at the Cloquet Forestry Center and two sites on Fond du Lac tribal land: a reserve old-growth red and white pine woodland, a red pine understory treatment comparison, an underburned white pine shelterwood, and a fire-maintained blueberry patch. Group transportation will be provided during the tour. Picnic lunch at the CFC Pavilion.
