

Fire Management Field Tour

Multiple Perspectives on Fire Sensitive Species in Fire Dependent Habitats

Friday, October 10, 2014

9 am to 3:30 pm

Ft. Custer Training Center • Ft. Custer State Recreation Area

Optimizing prescribed fire plans and operations for rare species conservation

**Savanna • Prairie • Fen •
Invasive Species • Prairie Vole •
Eastern Box Turtle •
E. Massasauga Rattlesnake**

Restoring habitat and minimizing fire-induced mortality in small populations

Explore sites with land managers
AND researchers

Michele Richards, National Guard
Jennifer Howell, Pierce Cedar Creek Institute
Nate Fuller, SW MI Land Conservancy
Ryan Koziatek, Kalamazoo Nature Center
Alicia Ihnken, DNR
Tracy Swem, graduate student, MSU
Bob Clancy, DNR
Glen Palmgren, DNR
Paul Rogers, DNR

The field trip is free and open to the public, but space is limited.

Register on line by Friday, Oct. 3 to secure your spot:
